Award Winning Company in Kiel, WI Celebrates 75 Years in Business!

Kiel, WI – August 7, 2008 – Not many companies hit such a historic milestone, but HUI in Kiel, WI will be celebrating 75 Years in business by holding a Community Open House on August 23rd, 2008 from 10am to noon. The Open House will be held at 10 E. Park Avenue in Kiel. HUI has received national and regional recognition for the organization's achievements in LEAN manufacturing and cultural change.

The Open House will feature raffle prizes such as a children's bike, grill, and power tools. All community members are eligible to enter the drawings by either bringing a nonperishable food item or monetary donation for the Kiel Food Pantry.

HUI will showcase our company's achievements over the 75 years by a complete tour of the facility. The community will even be able to play some of the amusement games that we supply components for!

The community is an important part of HUI's success. Employees from HUI participate in several local community organizations. Due to our involvement in the community, representatives from local charities such as Big Brother/Big Sister, Lakeshore Technical College and the New Hope Center will be on-site to share information about their organizations with the community as well.

Change has always happened at HUI; that is part of the success. Tom Anhalt, 25 year Cell Technician veteran of HUI, stated it best, "Twenty-five years ago, I could not have predicted HUI to be where we are right now. Change is happening so fast."

We invite the community to celebrate our success as well!

For further information about the event, please contact Julie Cosich at 920-901-4306 or jcosich@huimfg.com
